...We call it a,  
**View Share Print / Port**  
or VSP<sup>2</sup> for short.

VSP<sup>2</sup> is a home for all of your drawings, specs and details. Every file you upload or request that we archive in your VSP Port can be viewed, shared and printed. Anyone you give password protected access to can login to your VSP Port from any Internet connected device or computer 24/7. It's secure, easy to use and convenient.

**Rick Bosworth**  
President of ReproMAX

“ I think you have hit on something with VSP<sup>2</sup> that has the potential to be very special. Keep up the great work!” ”
